# Stephanie Kasel Interiors: Shaping the Swiss Interior Design Market

Based in Switzerland, Stephanie Kasel Interiors delivers a full interior architecture, furniture design and turn-key styling service from concept through to completion. We profile the firm, which was named 2019's Award for Excellence in Interior Architecture & Design – Switzerland in this year's Leading Designers awards to find out more about the services it has to offer.

Established in 2005, Stephanie Kasel Interiors draws on the expertise of its Founder and namesake Stephanie Kasel.

Stephanie draws on rich experience in the industry to meet the needs of her valued clients. Before establishing her own practice, she studied interior architecture in a renowned school in Paris, L'Ecole Bleue.

For Stephanie, key to the success of any project is ensuring that the interiors are an authentic reflection of her client's requirements and aspirations. Offering a highly personalized and friendly design, Stephanie's focus is on creating bespoke, considered interiors that encapsulate her clients' needs and dreams. She places particular importance on practicality and comfort of the spaces. She designs ensuring that the interiors not only look beautiful but are also liveable and inviting.

As a result of its Founder's dedication to excellence and creativity, each and every project undertaken

by Stephanie Kasel Interiors is completed to the highest possible standard. Stephanie's expert team undertakes a range of turn-key projects solutions and manages the complete design and works process to ensure her high standards are met at all times.

With bases in both Geneva and Nyon, Stephanie Kasel Interiors is able to support a wide range of clients throughout Switzerland. The practice works alongside a variety of clients, providing them with innovative services designed to meet their individual needs and create a space they can truly feel at home in.

Looking to the future Stephanie Kasel Interiors will remain committed to providing clients with the same exceptional standard of service that it has come to be renowned for.
